## SUMMARY

---

Innovative software engineer with 2 years of experience developing websites and projects. Specialties include: collaborating on projects with peers, addressing real-world problems through coding, and passionate eagerness to learn.

**TECHNICAL SKILLS:** Experience in Object-Oriented Programming, HTML/CSS, JavaScript, Python, Java, WordPress

## EDUCATION

---

### Georgia State University

Atlanta, Georgia

- Honors College of Arts & Science, Department of Computer Science Expected Graduation: May 2027
- Relevant current & future courses: Principles of Computer Science, Data Structures and Algorithms, System Level Programming, Design & Analysis: Algorithms, CTW: Software Development, Operating Systems

### University of Cincinnati

Cincinnati, Ohio

- College of Engineering & Applied Science (Dual Enrollment) May 2022–August 2022
- Courses: Website Management, Fundamentals of Website Development, Computer Programming

### Girls Who Code (Immersion Program)

Remote

- Courses: HTML & CSS, JavaScript, Cybersecurity, Cryptography, Data Science Summer 2021 & 2022
- Gained insights from industry professionals, including technicians and CEOs. Advocated for Women in STEM.

### CodePath

Remote

- Programs: E3 – Web Development, iOS Development, Technical Interview Prep, Cybersecurity Summer 2024

### Babson College

Remote

- Course: Rise to Leadership: Become a CEO March 2024–Present

## PROJECTS

---

### EnnBooks (Book Blog)

July 2021–Present

- Design and create a website to blog about books utilizing Web Development Cycle.
- Practice programming skills, maintain, and improve site to create aesthetic and user-friendly designs.
- Accomplish website aesthetics by applying CSS to improve website design and JavaScript for better functionality.

### ATLAAR (Informational Website)

November 2023–February 2024

- Designed and created a website to spread awareness of Asian representation in Hollywood with a focus on *Avatar: the Last Airbender*.
- Integrated coding techniques and JavaScript with English project for an innovative digital platform.
- Recognized with nomination for a university-wide English department award.

## CERTIFICATIONS

---

### Girls Who Code (Summer Immersion Program)

Summer 2021 & 2022

- HTML & CSS, JavaScript, Cybersecurity, Cryptography, Data Science

## EXTRACURRICULARS

---

### Girls Who Code (Club)

August 2023–Present

- Engage in career-focused learning meetings for career-readiness.
- Foster peer and employer connections through active participation in social events within the computer science/software engineering field.

### Girls ++/Programming/Web Development (Clubs)

August 2023–Present

- Attend coding specific events to expand out-of-classroom skills.
- Participate in club activities to strengthen technical proficiency and foster community connections.

### Author Interviewer/Book Influencer at *Simon & Schuster*

March 2020–Present

- Promote and market for authors and publishers through content creation and editing, resulting in 36% increase of engagement..
- Blend CS knowledge of algorithms to track trends on Instagram and writing skills to attract followers, advancing outreach.
- Receive books such as Advanced Reader Copies and manuscripts from authors and publishers requesting reviews and promotion.
